

Clinical Tropical Medicine and Travelers' Health: Virtual Update Course September 27-28, 2024

Update Course [View Agenda Here](#)

Designed for licensed physicians, nurses, nurse practitioners, physician assistants, veterinarians and other health professionals. Developed and presented by internationally recognized experts in the field of tropical medicine and travelers' health.

Approximately 15.5 *AMA PRA Category 1 Credits™* will be offered for this course. CME is only offered when the course is attended as a live-internet based activity. CME is not offered for on-demand purchases or pre-recorded sessions.

Attend This Meeting if You:

1. Work in clinical tropical medicine and travelers' health and want to learn the most up-to-date science in the field.
2. Spent some of your professional time in clinical tropical medicine and travelers' health and are interested in obtaining an overview of the field.

Objectives:

1. Prepare patients for overseas travel to **Low/Low-Middle Income Countries (LMICs)**.
2. Diagnose and treat patients who have become ill during overseas travel or are recently arrived immigrants and present with syndromes of fever and other pathologies.
3. Diagnose and treat individuals living in the tropics and subtropics who are ill.

Benefit from This Course by:

1. Increasing your knowledge of patients' pre-travel needs.
2. Increased competence to diagnose and treat fever and illness in the returned traveler.
3. Increasing your knowledge of illness in endemic settings.
